

Advanced Analyses References

Introduction

This document contains the references for the advanced analyses (available under the Special menu) in STATGRAPHICS *Plus* Quality and Design, and STATGRAPHICS *Plus* Professional.

The arrangement follows the order of the Special menu:

<u>Analysis</u>	<u>Page</u>
Quality Control	2
Design of Experiments	3
Time-Series	5
Multivariate Methods	7
Advanced Regression	8

Quality Control References

- AIAG. 1990. *Measurement Systems Analysis Reference Manual*. Troy, Michigan: AIAG.
- American Society for Statistical Control. 1966. *Automotive Division Statistical Process Control Manual*. Milwaukee: American Society for Quality Control.
- ASTM. 1976. *Manual on the Presentation of Data and Control Chart Analysis*. Philadelphia: ASTM.
